

7110C

# SATIN BODY VEIL

“Pickering” emulsion, stabilization with SEPIISOFT particles (emulsifier free)

O/W Emulsion

- White liquide
- Packing: HDPE bottle
- SEPIISOFT™ SP offers powdery softness and silky finish and strengthened adhesion of the powders on the skin and a longer lasting effect.

7110C-1207

Formula		
A	SEPIISOFT™ SP SOLAGUM™ AX Caprylic/Capric Triglyceride	4.00% 0.60% 10.00%
B	Water	Up to 100%
C	Fragrance Phenoxyethanol and Ethylhexylglycerin	0.10% 1.00%

**Procedure**  
LAB-Silverson-300g

Disperse Sepisoft SP and Solagum AX into oil phase, add water to the oil phase, homogenize with Silverson at 4000rpm 4mins, add Fragrance and preservative and stirring till uniform.

Characteristics	
• Appearance	white fluid
• pH	6.1
• Viscosity 1M at RT	6000mPa.s BROOKFIELD LV3 6rpm
• Viscosity 1M at 45° C	3700mPa.s BROOKFIELD LV3 6rpm
• Viscosity recovery at RT (after 1M at 45° C)	5700mPa.s BROOKFIELD LV3 6rpm
• Stability	Stable M3 Stable at RT / 45° C/-18°C Stable after 1 month of freeze/thaw cycles -5 / +40° C stable after centrifuging 3000rpm 30 min at RT

## Raw materials from SEPPIC

### SEPIISOFT™ SP

*Polymethyl methacrylate & Sodium acrylate/Sodium acryloyldimethyl taurate copolymer & Isohexadecane*

An innovative functional PMMA for a “3D” texturing effect : skin feel-stability-adhesion. SEPIISOFT™ SP is a multifunctional powder ; easily dispersible in aqueous & oil-based medium, the SEPIISOFT™ SP offers in first a powdery softness and a silky finish to all your formulas, liquids, solids or powders. Introduced in continuous aqueous media, it also brings a stabilizing effect allowing the creation of innovative & stable self-suspensions and “Pickering” emulsions without any surfactant. SEPIISOFT™ SP reveals its third winning card in powder formulas : strengthened adhesion of the powders on the skin leading to more intense color and a longer lasting effect.

### SOLAGUM™ AX

*Acacia senegal gum and xanthan gum – SEPPIC*

Original association of thickening polymers from vegetable origin certified by ECOCERT®. Eco-friendly product developed in accordance with sustainable development. Furthermore, thanks to its innovative process, it is an user-friendly product : low dusting, instant cold or hot water soluble even under slow stirring. With its moderate thickening power, it is a good candidate for each kind of cosmetic products from fluid (body care) to more thicken ones (face or hands care).

## Other raw materials...

- Caprylic/Capric Triglyceride: Myritol 318(Cognis)
- Phenoxyethanol and Ethylhexylglycerin: Euxyl PE 9010 (S&M)
- Fragrance: Frag272783(Drom)
