

HYGIENE

EU07491 | SHOWER OIL

SPA infusion for dry skins

©SEPPIC

Inspired by Asian SPA rituals
Transformation texture
Softens the skin,
non-oily finish

A	Prunus amygdalus dulcis oil	64.60%
	EMOGREEN™ L19	15.00%
	LANOL 99	10.00%
	LANOL 14M	5.00%
B	FLAKES OF CHONDRUS CRISPUS	4.30%
	Tocopherol	0.10%
	Fragrance	1.00%

With **wesource**

Clear Oil with Algae Flakes / Packaging: Bottle

VISCOSITIES: 1M at RT: < 100 mPa.s Brookfield LV4-6.

STABILITY: 1M at RT, 45°C & -4°C.

FORMULATION ADVICES: Laboratory scale

Heat up slightly phase A (< 50°C) until **LANOL 14M** has melted.

Add phase B ingredients under stirring.

This shower oil, inspired by Asian SPA rituals, will become dry skins best friend!

A transformation texture to be applied at the end of the shower: easily rinsable, it lets the skin soft & non-oily!

At water contact, **LANOL 14M** easily emulsifies oil in a light lotion which softens the skin without an oily after feel! **LANOL 99**, a soft & light emollient, supports the formula rinsability & participates to the nice sensory. **EMOGREEN™ L19**, a non polar & biodegradable emollient, lightens the oily sensory of the sweet almond oil & limits its oxidation risk. Such an optimum oils blend!

LANOL 14M (Myreth-3 Myristate): This **waxy texturizing agent** melts in contact with skin and **brings softness & smoothness** during application.

LANOL 99 (Isononyl Isononanoate): **Emollient agent**. Polar ester. **Soft & light touch, non greasy finish** & short play-time.

EMOGREEN™ L19 (C15-19 Alkane*) (*Plant-based & Renewable): Bio-sourced emollient, high purity vegetable alkane. It's THE alternative to silicone oils. It gives a **fresh & gliding touch**, with a **soft afterfeel**. Inert and stable, it can be used in all types of applications, even in extreme conditions (pH, oxidizing/reducing media...).

Algae FLAKES OF CHONDRUS CRISPUS, placed in suspension, remind the Asian rituals & allow a light scrub. (Chondrus Crispus Powder)

Body modeling - Visible red algae for SPA care.

ADDITIONAL INGREDIENTS:

Prunus amygdalus dulcis oil (BERTIN) / Tocopherol (BASIF) / Fragrance: IODE MARINE (EXPRESSIONS PARFUMÉES)
