

HYGIENE

EU07601 | SOFT MICELLAR MILKY WATER

YUKA® Friendly**

Minimalist milky micellar water

Make-up remover

Skin hydration

Cream Gel

NOC = 98.8%

NATURALITY PROFILE according to ISO 16128 norm

99.5% BIODEG.

BIODEGRADABILITY Theoretical amount of water or readily biodegradable ingredients presents in mixture.**

A	Aqua / Water SIMULGEL™ NS	Up to 100% 1.25%
B	AQUAXYL™	3.00%
C	ORAMIX™ CG 110 EMOGREEN™ L19 Fragrance Benzyl alcohol - Benzoic acid - Dehydroacetic acid - Tocopherol	0.25% 2.00% 0.05% 0.60%
D	Aqua / Water ANTILEUKINE 6™	30.00% 2.00%

With WESOURCE

Opalescent White Liquid / Packaging: Bottle

pH: 6.1

VISCOSITIES: 1M at RT: 165 mPa.s Brookfield LV4-6 / Recovery at RT (after 1M at 45°C): 135 mPa.s Brookfield LV4-6.

STABILITY: 1M at RT, 45°C, thermal cycles -5°C/+40°C.
Stable at centrifugation (3 000 rpm, 20 minutes)

FORMULATION ADVICES: Laboratory scale - 200g
Prepare phase A gel. Add phase B into phase A.
Then add phase C, then phase D.
Homogenize between each step.

COLD PROCESS

This minimalist milky micellar water takes care of the skin, by removing make-up & gently soothing.

The formula composition is "YUKA® compliant"**.

ORAMIX™ CG110, vegetable origin surfactant with a low CMC, cleanses & removes make-up from the skin. (Caprylyl/Capryl Glucoside)

SIMULGEL™ NS, polymer based on squalane of vegetable origin, stabilizes the milky water, and creates a fresh & melting texture with a quick-break effect.

(Hydroxyethylacrylate/Sodium AcryloyldimethylTaurateCopolymer - Squalane - Polysorbate 60)

Thickening & emulsifying agent in liquid form, very easy to use (neither pre-dispersion nor neutralization). **Velvety softness feeling.**

EMOGREEN™ L19 provides a velvety touch.

(C15-19 Alkane*) (*Plant-based & Renewable)

THE alternative to silicone oils. Non polar & biodegradable, bio-sourced emollient. High purity vegetable alkane, inert & stable. Gives a **fresh & gliding touch, with a soft afterfeel.**

ANTILEUKINE 6™ soothes the skin & brings a real feeling of well-being.

(Caprylic/Capric Triglyceride - Laminaria Ochroleuca Extract)

Oily soluble active ingredient. **Protects** the skin: **regulates the inflammation mediators.**
In vivo: **immediate soother.**

AQUAXYL™, active ingredient with excellent tolerability, boosts all the actors involved in skin hydration (lipids, proteins, hyaluronic acid, NMF).
(Xylitylglycoside - Anhydroxylitol - Xylitol)

Moisturizes & restructures the skin by harmonizing its hydric flow (boosted water reserves, improved water circulation in all skin layers & reduced water loss ; proven efficacy *in vitro* & *in vivo*). Mechanism of action: validated by cosmetogenomics.

ADDITIONAL INGREDIENTS: Benzyl alcohol - Benzoic acid - Dehydroacetic acid - Tocopherol: EUXYL K903 (SCHÜLKE & MAYR) / Fragrance: ABRICOT (EXPRESSIONS PARFUMÉES).
